# IOWA FINANCE AUTHORITY ANNOUNCES MORE THAN \$68.6 MILLION TO BUILD AND PRESERVE 549 AFFORDABLE HOUSING UNITS

**Affordable Housing Projects to Move Forward in Clinton, Des Moines, Dubuque,  
Johnson, Muscatine, Polk and Pottawattamie Counties**

DES MOINES – The Iowa Finance Authority (IFA) Board of Directors today awarded federal Housing Tax Credit awards to eleven affordable rental projects totaling more than \$68.6 million to build and preserve 549 affordable housing units in seven Iowa counties.

“I congratulate the developers and organizations awarded tax credits to move their projects forward today and thank them for sharing in the Iowa Finance Authority’s commitment to advancing affordable housing for Iowans,” said Iowa Finance Authority Executive Director Dave Jamison. “These projects have leveraged an additional \$5.3 million in local contributions, and each of these communities will see the far-reaching benefits of these projects for many years to come.”

The Internal Revenue Service makes an annual per capita allocation of federal tax credits to each state for the federal Housing Tax Credit program. The Iowa Finance Authority is charged with allocating those credits to affordable housing developers. The developers who receive tax credits sell them to investors to generate equity for the housing developments. The tax credits provide a dollar-for-dollar reduction to the investor’s federal tax liability on ordinary income.

The Iowa Finance Authority had more than \$7.8 million to allocate in the 2016 Tax Credit Round and received 31 applications requesting more than \$19.2 million in Housing Tax Credits. The IFA Board of Directors today awarded more than \$6.8 million in Housing Tax Credits to eleven projects. The actual awards exceed \$68 million because the credits are committed annually for a 10-year period.

*The Iowa Legislature created The Iowa Finance Authority, the state’s housing finance agency, in 1975 to undertake programs to assist in the attainment of housing for low and moderate-income Iowans.*
